

Invited Talks on PMU Analytics

The aegis of RECTPCL funded CSR project conducted an invited talk on 16-05-2018 at NIT Meghalaya. This talk was delivered by an eminent personality Prof. S A Soman, Professor, Dept. of Electrical Engineering, IIT Bombay, on “**Overview of PMU Analytics**”. The talk explores the necessity and impacts of PMU on power grid with massive penetration of renewable energy sources and its new insights for operation of smart grid. Also, it is helpful to introduce new techniques and methods to improve the performance of renewable energy generation to form an efficient smart grid.
