**NOTIFICATION**

**On**

**Plagiarism Detection**

**(Vide Senate Resolution No: R4/SENATE-VIII/16)**

This is to notify to all PG students and Ph.D scholars that Plagiarism Detection Software will be used for plagiarism detection of the final Thesis / Dissertation and the maximum allowed similarity index is set as 25%. In case the index lies between 25% and 35%, the Doctoral Committee/ Project Evaluation Committee will take the decision on the acceptability of the Thesis based on the nature/ context of similarity.

All the students/scholars are required to submit a report on the similarity index along with the final Thesis/Dissertation.
